# Decoys

## Decoy Repair

**Repair Service:** To help you get the most out of your decoys, we offer a decoy repair service. Send us your decoys and we can help repair them by burlapping, repainting, and offering replacement parts. We have experience repairing many different types and brands of foam decoys.

**Burlapping Kits and Components:** We now offer several kits with decoy building and repair components. These are ideal for the hunter who likes to take care of his or her decoys and/or build his or her decoys. The Decoy Building Kit contains all necessary components to build a complete burlap-wrapped decoy, except for the paint.

**Replacement Heads:** Our heads are a robust, almost indestructible design with very detailed feather patterns, bill detail, and glass eyes. Prongs underneath the head secure it to the body, preventing head movement while ensuring durability. The heads can be set in the body in any direction.

We offer 11 different heads:  
Puddle Duck Low • Puddle Duck High  
Swimmer/Sleeper • Resting • Small  
Diver • Wood Duck Drake • Wood Duck Hen  
Upright Goose • Bent Neck Goose • Feeder/Sleeper Goose

## Burlap-Wrapped Decoys

To manufacture our Fowl Foolers decoys, a solid Styrofoam body is hand-wrapped in burlap. That gives the body a feathered effect and keeps the paint flat and looking realistic. Other important features include:

**Virtually Indestructible Heads:** Hard molded, with feather patterns and bill detail. Extremely realistic glass eyes.

**Light Weight:** These decoys weight approximately one to two pounds each.

**Durable:** Stand on them, hit them with BBs. It won't hurt them; they cannot break!

**Rides Front to Back:** rather than side to side so ducks aren't spooked.

**Functional Hardwood Keel:** Keep excess line wrapped up under the decoy when hunting in shallow water. Easy to hold when wrapping or letting out anchor line.

**Optional Weighted Keel:** Provides decoys with a self-righting feature.

**Optional Ice Resistant Coating:** Resists ice buildup on our burlap-wrapped decoys when the temperature range is near freezing.

*"When plastic decoys are only a memory, you will still be hunting over your Fowl Foolers"*

## Sea Ducks

15.5" L x 9" W x 4.75" H

Eider

Scoter

Old Squaw  
13" L x 6.5" W x 3.5" H

Bluebill

Redhead

Canvasback

Bufflehead  
13" L x 6.5" W x 3.5" H

Goldeneye

Ring Neck

## Goose and Brant

21" L x 10" W x 5.75" H

Canada Goose

Snow Goose

Specklebelly

Blue Goose

Brant

*"The burlap finish absorbs light and from just a few yards away actually look soft as feathers."*

Roger Sparks, Editor, Wildfowl Magazine

## SuperMag Ducks

21" L x 10" W x 5.75" H

Mallard

Black Duck

Pintail

Due to the extensive choice of decoy combinations, see our website for the complete line of body styles and head styles.

# Calls

Fowl Foolers builds duck calls out of quality walnut. They have an elegant look and feel while remaining affordable. Our calls are durable and built to last in extreme conditions. These wood calls are designed for the waterfowl hunter.

## Specialty Calls

### Wood Duck Call and Teal Call

Wood Duck Call: #780830 10500  
Teal Call: #780830 10600

Give yourself an edge with these calls that are specifically designed for Wood Duck hunting and Teal hunting.

### Miniature Teal

Keychain: #780830 00101  
Pin: #780830 00103  
Necklace: #780830 00104

This miniature call can be used to mimic not only a Teal call, but also a Wood Duck call. Available as a key chain, pin, or necklace. This is a great gift for waterfowl enthusiasts.

## Call Lanyards

6 Call Paracord Lanyard: #780830 50111  
4 Call Paracord Lanyard: #780830 50211  
Paracord Keychain: #780830 50311  
Paracord Bracelet: #780830 50411

6 Call Spring Loaded Lanyard: #780830 50610  
4 Call Spring Loaded Lanyard: #780830 50410  
3 Call Spring Loaded Lanyard: #780830 50310  
2 Call Spring Loaded Lanyard: #780830 50210  
1 Call Spring Loaded Lanyard: #780830 50110

# "Call a Duck to Dinner!"

## Duck Calls

### Deluxe Double Reed

#780830 18100

Our most popular call, the Deluxe Double Reed Duck Call, has a soft-to-loud range of sound for the waterfowler who wants something extra. It's easy to blow, and with enough air pressure can be very loud.

### Gullet Single Reed

#780830 10127

Designed to sound like a duck whose gullet is full of grain, the Gullet Single Reed Duck Call has a bit of a squeak to its quack sound. This call mimics the sound of a duck that has just fed, attracting incoming ducks.

## Goose Calls

### Magnum Canada Goose

#780830 24200

The Magnum Canada Goose call is a long reed goose call that has a lower pitched sound, with more rasp carrying over a large area. This call has been designed for the waterfowl hunter who wants that something extra.

### Easy Blow Canada Goose

#780830 21200

The Easy Blow Canada Goose Call is a long reed goose call requiring very little air pressure. It easily produces the higher pitched sound of a juvenile goose. The sound covers large open areas. This call is designed specifically for hunting Canada geese.

## Fowl Foolers Flapper

#780830 00050

Measuring approximately 13 inches in length and 8 inches in width, the hand-held Fowl Foolers Flapper™ is perfect for adding motion to your decoy spread. The Flapper™ is operated by waving it back and forth, mimicking the appearance of a duck flapping its wings. This motion very effectively draws ducks in to your decoy spread every time.

Additional advantages to using the Flapper™:

**The Method:** Once you capture the attention of the ducks and they are coming in, you can put the Flapper™ down. This way, the ducks that get away will not associate the Flapper™ with gun shots and will not flare from the Flapper™ the next time.

**The price:** The Flapper™ is a very inexpensive way to add motion to your spread.

**It Floats:** You do not need to worry about dropping the Flapper™ into the water making it perfect for layout boat hunting.

## Leather Game Straps

Basic Swivel: #780830 00009  
With Shoulder Strap: #780830 00015

The leather game straps come two ways; one with just a swivel snap and one with a shoulder strap as well as the brass swivel snap. Both have six loops for carrying your decoys or game.

## Decoy Carrying Bag

#780830 00009

Our Fowl Foolers Decoy Carrying bags have 6 slots. These bags are available in camo and tan.

## Anchor and Anchor Line

5 oz Mushroom Anchor: #780830 00060  
8 oz Mushroom Anchor: #780830 00061  
12 oz Mushroom Anchor: #780830 00062

250 ft Green Braided Nylon 1/8" Line: #780830 00063  
240 ft Black Tarrd Twisted Nylon 1/8" Line: #780830 00064  
320 ft Black Hollow Braid Polypropylene 3/8" #6 Line: #780830 00065  
640 ft Black Hollow Braid Polypropylene 1/4" #8 Line: #780830 00066

Now that you have the world's best decoys, you'll need to hold them in place. Fowl Foolers offers 5, 8, and 12 oz mushroom anchors as well as braided nylon decoy line and tarred twisted nylon decoy line.

### Paper Towel Holder & Coat Racks

- 5 Peg Coat Rack: #780830 01003
- 3 Peg Coat Rack: #780830 01004
- 1 Peg Coat Rack: #780830 01005

Paper Towel Holder: #780830 01006

These beautiful coat racks and paper towel holders are made using wooden decoy heads.

### Waterfowl Lamps

- Wood Duck Lamp: #780830 01000
- Mallard Lamp: #780830 01001
- Duck Call Lamp: #780830 01002

Show off your favorite hobby with these hand-painted decoy lamps. These lamps are the perfect addition to any serious waterfowlers' home or cabin.

### Gifts

- Camo Beer Koozie: #780830 01100
- Camo Drawstring Bag: #780830 01099
- Duck Head Back Scratcher: #780830 01020
- Fishing Ducks: #780830 01021

### Fowl Foolsers Apparel

- Camo Hooded Sweatshirt: #780830 01006
- Fowl Foolsers T-Shirts: #780830 01200
- Camo Boxers: #780830 01709
- Camo Swim Shorts: #780830 01723

### Women's Camo Lingerie

- Camo Tank Top: #780830 01722
- White Camo Nightgown: #780830 01721
- Black Lace Pantie: #780830 01705
- Pink Lace Pantie: #780830 01703
- Pink Bow Bra: #780830 01717

### Spent Shells Along the Atlantic

#780830 01011

Follow along with author Tom Long as he writes about many stories of waterfowl hunts from Florida to Maine.

# Our Company

Fowl Foolers™ was established in 1988. Since then, Fowl Foolers™ Duck and Goose Calls have been used by Ducks Unlimited, and on a national basis by the National Rifle Association and Waterfowl USA.

Fowl Foolers™ holds five patents in the decoy industry, and produces what is considered by most as the best quality decoy on the market today.

In 2013, Scot Smith took over the company reins. We have rededicated ourselves to the standards for which Fowl Foolers™ has long been known, and Scot adds 20+ years of business experience to the Fowl Foolers™ legacy as we move into a new era in duck hunting.

Our new facility in Port Clinton, Ohio is set up to guarantee that the quality and innovation of Fowl Foolers™ remains at the highest levels.

*"They are just as light as the plastic dekes, but much tougher. They have taken their share of hits with steel shot, and yet they keep floating... try that with a plastic decoy!"*

Rod Prodonovich, Free-lance Outdoor Writer

## Pro Staff Ryan Morton

Ryan believes a well-trained dog is the best reason to hunt ducks and geese. However, handling a dog that doesn't have the appropriate skill set or exposure to potential hunting situations can make it one of the worst days. His experience hunting different venues continues to refine his training practices to produce stylish and consistent hunting companions. His company, Grain Driver Labradors, is a positive working environment for working retrievers that offers them, along with their handlers, the opportunity to be the best they can be.

## Shawn Sinnaeve

Shawn grew up in the woods and marshes of Canada, hunting with his Dad since he was 7. His waterfowling experience envelopes everything from field hunting to hunting marshes and tiny potholes, big water and layout hunting. He now trains hunting retrievers and gun dogs full-time, where he's found rewarding success. He has trained dogs for the avid waterfowler as well as the upland hunter. He has also earned internationally recognized titles on dogs at all levels up through the Grand Hunting Retriever Champion level with the HRC, a United Kennel Club sanctioned organization.

## Allen Zeman

Allen's earliest memories of waterfowl hunting are being carried to the blind by his dad so his feet would not get wet. He was born and raised in Springfield, Ohio and moved to the Port Clinton area in 1996. After college, Allen went on to work for the Ohio Department of Natural Resources Division of Wildlife until 2000. At this time, he became a full time fishing and waterfowl hunting guide. Allen had been waterfowl hunting for 15 years before becoming a guide 13 years ago. He and his wife are expecting their first child and hope to pass on the tradition to her.

## Captain Richie Lindsay

Richie has over 20 years of experience in the field and a true passion for hunting. Richie began hunting in the early 80s and 90s with his father and brother building the foundation for his passion. He experienced hunting throughout Maryland's Eastern Shore and expanded his hunting up and down the east coast in pursuit of game. In the mid-90s Richie began his career as professional waterfowl guide. During the next 4 years, Richie thrived as a professional guide for outfitters located in MD, DE and NY. In 2008, Richie took his depth of knowledge and started his own outfitting service, Grove Point Outfitters.
